Eric Smith	860-716-3179	esmith644@gmail.com	Complete novice at racing, I have sailed and owned small boats, but I know absolutely nothing about racing	I would like to become involved in the Wednesday night racing program. I am available as crew, and I am willing to do anything that is asked of me, including just sitting on the rail and being dead weight. Any size boat is fine. I will also be available after May 22nd to help commission boats for the water.
